The Chicago Fair.

Are you going to the World's Fair? Everybody is going if able. And now everybody is able, because an incorporation has been formed in Chicago, composed of the leading citizens and most responsible men there, and they offer the most enticing inducements at the cheapest possible rates.

They sell a ticket for \$131, that absolutely covers everything, on the installment plan. This certificate entitles the holder to first class transportation to and from Chicago from Carson during the Fair, transportation to and from depot and hotels for self and baggage, six admissions to the Fair with your lunch on the grounds, fourth, first class board and lodging for six days in their own commodious hotels and lastly their competent guides will see that all holders are shown around and miss nothing. Think of the crowded condition of Chicago during the fair and then of the ease and comfort of this method.

Only \$131 for everything and that as follows: \$6 down at time of signing contract, balance in equal monthly installments from time of signing till April 1st, 1893.

It is a good bank company as holders may have their money back at any time, less the first six for expenses, etc. Certificates are transferable and non-forfeitable.

If you are interested get and read one of the small hand circulars. Agent in Carson

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.

Don't think glasses are only for old people; it is a great mistake. A glass becomes to the over-burdened muscle of the eye as much of a necessity as food to the empty stomach or cane to him who has not the full power of his legs. If you have trouble with your eyes see Dallas Dodd and have a pair of glasses accurately adjusted. Difficult cases solicited from those who have failed to secure satisfaction elsewhere. Office at Ormsby House parlors. All work guaranteed to give satisfaction or money refunded. o16

Dr. Fox treats all diseases of the rectum, including hemorrhoids, fistula, fissures and ulcers, on modern scientific principles and radically cures without pain, without loss of blood and detention from business.

ALL SORTS.

A branch of the Farmer's Alliance is said to have been organized at Lovelocks.

It was rumored yesterday that Queen Victoria was dying but later the rumor was denied.

An assessment of 20 cents per share has been levied on the Best and Belcher mining stocks.

The rainmakers have started for Mexico, to experiment in the country if inducements are offered.

E. B. Rail has a full line of sewer pipe and fitting of the best quality. Call and see the new lamps, dinner and tea sets. Lower than ever.

The Chloride Belt says diligent inquiry has failed to bring to the surface any one who knows A. V. Criddlebeck, one of the Nevada students of the Stanford University who claims Candelaria as his residence.

It is expected that there will be fully 3,000 dogs entered in the Exposition bench show. The various kennel clubs propose to supplement the already satisfactory premium list by a number of very handsome medals.

The United States is getting weary of the continued insults heaped on American citizens in Chili. The President says that Chili must apologize or fight, and the nation will back up Mr. Harrison's remarks.

It is reported that a Grand Council of Nevada politicians is being held at the Palace Hotel, San Francisco. Senator Eben Williams, H. M. Yerington, Francis G. Newlands and others are said to be attending the council.

The law breakers who have been yanking trout out of the streams lately are liable to be caught themselves as the fish law is in excellent working order and Commissioner Mills will make a noble example of the first one he nails.

"A Good and careful driver," says an experienced horseman, "never starts his horse with a whip." The horse is as susceptible to kind words and kind treatment as any animal, and his faithfulness in man's service deserves more kindness and care than he receives. Never hesitate to stop a man who is abusing a horse, a dog, or a child. A man is naturally mean who will abuse either.

Thos. A. Edison's display of electrical apparatus at the World's Fair is to be the greatest effort of that great inventor's life. He has been working on it for months and a dozen or more of his ablest assistants have been helping him. The wizard of Menlo Park has just applied for a space in the electricity building for his exhibit. He wants one-seventh of all the room in the big building. The electricity building is 345x700 feet, and contains, exclusive of gallery space, 231,500 square feet of floor room.

If the Southern Pacific Road would keep bloodhounds at various stations along the line of robberies they would prove more a terror to the train robbers than all the detectives in their employ. When a train is stopped let a couple of bloodhounds be taken at once to the scene of the crime and the dogs would stick to the trail of the robbers until they overtook them. These wretches have a mortal dread of a dog following them, but they have very small consideration for the detectives. If the Redding stage carried a bloodhound under the driver's feet it would not be robbed so frequently.

A Bright Weekly.

The Wave, which has come to the front lately, as the leading weekly of the Coast gives evidence in every issue, of the cause of its success. It is a splendid resume of the news of the week. "The Witness," who signs the excellent paragraphs under "Splashes," who testifies on every conceivable topic, is a bright and sparkling writer and presents more exclusive stories than all the other weeklies. "Oracle, K. E." is an authority on all literary matter and the book-reviews are possessed of individuality and character.

This week's issue of the Wave has a story of Jimmy Flood buying the Powell Street theatre, a fight in a Masonic Lodge between a Jewish Rabbi and a member; more inside history of the reorganization of the two great parties; an illustrated skit on Will Hearst's yacht; a poem by John Vance Cheney and a great many other things, too numerous to mention.

Winnemucca Rebuilding.

The burnt district in Winnemucca which comprised three blocks, is being partially rebuilt. Chris Diehl is erecting a two-story frame building, which is a much larger and more pretentious structure than that which was burned. The Masonic building, of which only the brick walls were left by the fire, has been purchased by Litgrave & Nixon and is being roofed and fitted for stores and offices. Fellows & Hoffman are building a fine brick on the site of their frame buildings. Uncle George Walker has completed a better building than that which was burned, and so has John Schmitt. The walls of Levy & Co's store and furniture warehouse remain, but so far nothing has been done to rebuild them. Of the several residences destroyed none are yet being rebuilt, but it is the general opinion that the whole burnt district will be rebuilt within a year.

Shooting in Silver.

Yesterday morning W. T. Cuddy, proprietor of the Bonanza Hotel at Silver City, fired four shots at Jack Clarke, foreman of the Oest mine, without effect. It is said the Cuddy after the shooting paraded the town threatening to kill Clarke on sight. The cause of the shooting is not definitely known, but is supposed to have been caused by Cuddy having been accused of having taken sides with Mrs. Grubber and Pollock who are about to institute a suit against the owners of the Oest mine.

Searles Wins.

SALEM, Mass., Oct. 24.—In the Searles will case today Mr. Stillman was called to the stand, and at the conclusion of his testimony the case closed. Judge Harmon then stated that he should sustain the will, and Burley gave notice of an appeal of the case.

There is a doctor in Reno named Mullen who has been tapped for dropsy over 50 times, and several hundreds of gallons of water taken from him. He really comes under the jurisdiction of Ripar law. The water company gives him his water free, fearing that he will start an opposition.

The Omaha Convention voted down a resolution in favor of free coinage and passed a resolution favoring free coinage of silver which was the product of American mines. The first vote stood 56 to 95 and the second 102 for and 45 against.

There will not be less than 25 restaurants, as well as numerous cafes, in the Exposition buildings. It is the intention of the Exposition authorities to protect visitors from exorbitant charges.

The Wheelmen will give a big masquerade on the 31st of December.

Regarding Trout.

The APPEAL has received a circular from Dr. David Jordan, the well known ichthyologist of California, containing useful information regarding trout.

He tells us that the young steelhead trout should be called the *Salmo gairdneri*. We have often wondered what in thunder to call those trout, and last week threw a nice string back in the water because we couldn't for the moment think of the name.

The old red throated trout is now called the *Salmo mykiss bendishii* instead of the *purpuratus*. We have said all along that *purpuratus* was no name for that fish.

Challenge.

Charlie Jackson, the famous rifle shot, offers to shoot with any rifle shot in Nevada, Jackson lying on his back and using his rifle upside down, the wager to be the San Francisco Daily Examiner or the Genoa Courier—ten shots, Jackson to furnish the rifle and cartridges, and the contest to take place at Geo. Brown's in Gardnerville.

At Empire.

James Wiggins will give a shabby genteel party in Empire Thursday evening next and will put all his energy in action to make it a success. The music will be the best and the dancing hall is top notch. There's room enough for all.

The Guessing Contest.

At the Wheelmen's party the guessing consisted in calling the turn of a burning candle. Several guessed it would go out at 1:45 A. M. It expired at 42 minutes past one. The five nearest drew lots and Grace Davis won the prize.

Esmeralda Reversed.

The judgement in favor of Esmeralda against the State for special election expenses, has been reversed by the Supreme Court because the claims had never been presented to the County Auditor, as the law directs.

Born.

At Fredericksburg, Carson Valley, Sept. 20, 1891, to the wife of Fred S. Dresler, an 8 pound boy.

The Commissioners of Lander county have reduced the State and county tax to \$3 on each \$100 to offset the horizontal raise of ten per cent, claiming the right to do so under the new law.

J. H. McDonald, who formerly ran the St. Charles, has purchased Irwin's cigar business. He proposes to add a stock of notions to his first class stock of cigars and tobacco.

Truckee has been visited by another fire.

Cider.

Doe Benton has leased several orchards and is concentrating his attention to the production of genuine apple cider fit for table use or mince pies. It's the real article and can be ordered at his livery stable. o231f

There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't it is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely at your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
